

GIS in Law Enforcement

Table of Contents:

Project Overview Page	LE-1
Presentation 1 – Law Enforcement	LE-5
Presentation 2 – The Project Management Model (PMM)	LE-11
Presentation 3 – Navigating ArcGIS 8.x	LE-15
Project Plan	LE-21
1.0 Project Implementation – Base Map Creation	LE-25
Presentation 4 – Creating the Base Map	LE-27
Project Implementation – Base Map Creation	LE-27
ArcGIS 9.1 Topics:	
Launching ArcGIS Programs	LE-33
Connecting to Folders in ArcCatalog	LE-34
Changing the Name of the Data Frame (Data Frame Properties)	LE-37
Adding a New Group Layer to the Map Document	LE-37
Adding Data to ArcMap	LE-38
Changing Symbology of Vector Data (Single Symbol)	LE-39
Changing Layer Name (Layer Properties)	LE-42
Editing Symbology of Image Data	LE-43
Saving a Map Document	LE-44
Creating a Map Layout	LE-45
Exporting a Map Layout	LE-51
Printing a Map Layout	LE-52
Saving Data Layers as Layer Files	LE-55
Creating a Personal Geodatabase	LE-55
Creating a Feature Dataset	LE-56
Importing Feature Classes to a Feature Dataset	LE-57
Importing a Raster Data Layer to a Geodatabase	LE-59
2.0 Project Implementation – Data Acquisition & Preparation	LE-61
Presentation 5 – ArcGIS Tools & Techniques for Data Preparation	LE-61
Project Implementation – Data Preparation	LE-73
2.1 Natural Landscape Features	
Opening an Existing Map Document	LE-73
Changing Symbology of Vector Data (Unique Value)	LE-77
Activating an Extension in ArcMap	LE-81
Performing Map Calculations (Spatial Analyst Raster Calculator)	LE-81
Editing an Existing Map Layout	LE-84
2.2 Manmade Landscape Features	
2.3 Demographics (Population & Business)	
Exporting a Data Layer	LE-95
Removing a Data Layer	LE-96
Opening an Attribute Table	LE-96
Adding a Table to a Map Document	LE-97
Joining a Data Layer to a Database Table	LE-98
Changing Symbology of Vector Data (Graduated Colors)	LE-99
Showing ArcToolbox	LE-100
Using the Calculate Areas Tool in ArcToolbox	LE-101
Adding a Field to an Attribute Table	LE-102
Starting an Editing Session	LE-103
Using Calculate Values to Add Data to a Table	LE-103
Sorting Data in an Attribute Table	LE-105
Changing Classification Methods for Displaying Data by Graduated Color	LE-106
Using the ArcToolbox Index	LE-110
Using the Clip Tool in ArcToolbox	LE-110
Adding Multiple Data Frames to a Map Document	LE-122
Copying & Pasting Data Layers into a New Data Frame	LE-123

Creating Map Layouts with Multiple Data Frames.....	LE-125
Displaying XY Data from a Text Table	LE-131
Exporting Events Layer Features as a New Data Layer	LE-132
Using the Select by Location Method to Select Features	LE-133
Exporting Selected Features as a New Layer	LE-134
Using the Select by Attributes Method to Select Features.....	LE-136
Accessing More Symbols in the Symbol Palette.....	LE-138
2.4 Policing Features (Districts & Calls for Service).....	LE-141
Adjusting the Transparency of a Data Layer	LE-142
Changing Label Properties of a Data Layer	LE-144
Labeling Features in the Map Display	LE-144
Creating an Address Locator in ArcCatalog	LE-150
Geocoding Addresses from a Text Table in ArcMap	LE-153
Using the Symbol Property Editor	LE-160
Summarizing a Field in an Attribute Table	LE-162
Viewing Statistics of a Field in an Attribute Table	LE-164
Creating a Graph	LE-165
Creating a Report	LE-167
Adding a Graph to a Layout Page	LE-171
Adding a Report to a Layout Page	LE-171
3.0 Project Implementation – Data Analysis	LE-175
Presentation 6 – ArcGIS Tools & Techniques for Data Analysis	LE-175
Project Implementation – Data Analysis.....	LE-185
3.1 Hot Spot Analysis.....	LE-185
<i>New ArcGIS 8.x Topics:</i>	
Creating a Density Surface (Spatial Analyst)	LE-189
Changing Symbology of a Grid Data Layer.....	LE-193
Setting Selectable Layers.....	LE-194
Using the Identify Tool.....	LE-196
Performing Cut/Fill Analysis (Spatial Analyst)	LE-210
Converting Raster Data to Feature Data (Spatial Analyst)	LE-212
Performing a Spatial Join	LE-214
3.2 CFS Time Analysis	LE-219
<i>New ArcGIS 8.x Topics:</i>	
Interpolating Feature Data to Raster (Spatial Analyst).....	LE-229
Using the Central Location Tool in ArcToolbox.....	LE-252
3.3 Spatial Associations	LE-256
Calculating Area using a VBA Script	LE-269
Using the Union Tool in ArcToolbox.....	LE-285
Changing Map Display Units	LE-295
Using the Measure Tool	LE-296
Creating a New Shapefile in ArcCatalog.....	LE-297
Adding Features to a New Shapefile	LE-299
3.4 Redistricting Police Districts	LE-307
Using the Districting Extension.....	LE-311
Creating a Districting Plan Workspace.....	LE-311
Grouping Polygon Features into Districts Interactively	LE-316
Grouping Polygon Features into Districts “On-the_Fly”	LE-318
Saving Districts as Shapefiles	LE-322
Project Presentation – Written Report Instructions	LE-327
Project Presentation – Oral Report Instructions	LE-329
